

LGI Safety Regulations for Warehouse and Dock Areas

These are to be complied with at each LGI location and all LGI employees are instructed to report violations to the location manager.

Note: Loading and unloading activities will be stopped immediately if these Safety Regulations are not complied with.

1. Access to the company premises	
<ul style="list-style-type: none"> Access to the company premises is at your own risk: Mandatory signs, prohibition signs and notice signs must be complied with! Only areas for which the visitor has registered may be accessed. Visitor IDs must be worn openly so that visitors may be identified and treated as guests. 	
2. Traffic regulations for pedestrians	
<ul style="list-style-type: none"> Pedestrians must use the existing walkways. Walking in the roadway is permitted only if the road has neither a pedestrian walkway nor a shoulder. If you do use roadways, please stay to one side. Pedestrians must maintain safety distance of at least 5 m away from vehicles. Visual contact is to be maintained with the driver. 	
3. Vehicles	
<ul style="list-style-type: none"> Road traffic regulations apply on the company premises. The speed limit is 10 km/h. Any obstruction of traffic within the company or of the approach paths and staging areas for the fire department and emergency vehicles is strictly prohibited. Do not drive on pedestrian walkways. Stopping and parking are permitted only in the specially marked areas. 	
4. Truck driver safety	
<ul style="list-style-type: none"> Wear a high-visibility vest. Wear safety shoes. 	
<ul style="list-style-type: none"> During loading and unloading and during waiting periods, drivers are to remain in their assigned safety areas, break rooms or in the cab. Drivers are not permitted to wait in the warehouse areas. Drivers are permitted to spend time in the loading areas only for load securing purposes upon arrangement with the responsible loading personnel. 	
<ul style="list-style-type: none"> Make visual contact with the forklift driver. The marked pedestrian paths must be used. No shortcuts are permitted. 	

5. Safety during loading and unloading
